(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner requested interviewee to gain authorization to make the following amendments to the application: 1) cancel claims 28-30 withdrawn after non-election by original presentation; 2) amend the first paragraph of the specification to update continuity data and 3) request amendment to claims 31 and 40 to clarify that the tilt sensor determines tilting of the housing, rather than the therapeutic combination as a whole, beyond a predetermined angle. This does not affect the allowability of claim 31 or claim 40 Applicant's representative granted authorization for these amendments...
